# ABOUT NAREDCO

---

National Real Estate Development Council (NAREDCO) was established as an autonomous self-regulatory body in 1998 under the aegis of Ministry of Housing and Urban Poverty Alleviation, Government of India. It is in this year that the Government of India redrafted the National Housing & Habitat Policy, giving due importance to the Housing and Real Estate sector, thereby declaring housing for all citizens by the year 2010.

The Indian housing and real estate sectors and the allied industries hailed the establishment of NAREDCO, as the apex national body for the real estate industry and visualized it as a single platform where Government, industry and public would discuss various problems and opportunities face to face which would result in speedy resolution of issues. It was formed with the mandate to induce transparency and ethics in real estate business and transform the unorganized Indian real estate sector into a matured and globally competitive business sector.

The National Real Estate Development Council strives to be the collective force influencing and shaping the real estate industry. It seeks to be the leading advocate of developing standards for efficient.
